The room of silence is located on 3rd floor at hall 4.

Programme Changes

The Organizers cannot assume liability for any changes in the programme due to external unforeseen circumstances.

Safety

As in all major cities and congress venues, people should take care of their personal belongings. It is not advised to wear your congress badge outside the EuroELSO Congress activities.

Speakers Preview Room / Media Check

The speakers preview room is located on 3rd floor at hall 4. Pass the exhibition foyers, up the stairs while having a view on Krakow castle and head to Chamber Hall and hall 4. Presenters are asked to contact the congress team preferably one day before their presentation, at least 90 minutes prior to the presentation.

Wi-Fi

Complimentary Wi-Fi access is available in the Congress Centre.

CME Credits

CME Credits

The EuroELSO Congress is accredited by the European Accreditation Council of Continuing Medical Education (EACCME), and the European Board of Cardiovascular Perfusion. See further detail on our website at www.euroelso-congress.com

Poster Sessions

Electronic posters are displayed at the EuroELSO 2024 congress. All e-posters are available for viewing at e-poster terminals in the red-carpeted poster area on 2nd floor.

Moderated posters

Friday, 26 April 2024 during morning and afternoon coffee break poster authors are expected to present their poster and answer questions by the moderator as well as by the audience at their dedicated terminal.

Allocation of poster please see our website www.euroelso-congress.com or download the EuroELSO app.

Educational Corners

Educational Corners are situated on 2nd floor backstage area. Pass the exhibition foyers, up the stairs while having a view on Krakow castle and head to Chamber Hall and hall 4. Clear signage will guide you to the Educational Corners area at lobby 2.

Simulation-based learning is frequently used in medical education and skills training, especially related to complex technologies like extracorporeal systems. Educational Corner during EuroELSO conference provides a near authentic experience and enhanced learning.

Educational Corner simulations rely on scenarios similar to clinical practice in controlled environment without any negative consequences of an error.

The Educational Corners seats are limited per sessions and available on a first see - first serve basis.

Several Educational Corners are gratefully supported with training equipment of our industry partners.

Gain time for life.

For critically ill patients, time is precious. ECMO buys additional time, supporting organ perfusion, while the patient heals or further treatments are applied. This gives caregivers more time to optimize the patient's therapy while easing the body's workload.

Getinge ECMO solutions – gain time for life.
